- Prioritize accessibility, performance, platform and browser compatibility

Backend Development:

- Fluent in templating with PHP Twig and Handlebars.js

- Fluent in Content Management Systems such as Drupal and WordPress

Graphic Design:

- Adobe Creative Cloud (Photoshop, Illustrator, XD)

Experience

Frontend Developer - Freelance

July 2019–Current

I have built websites on a freelance basis for clients such as LiuGong North America (via Tangelo Ideas) and Origin Mec (via graphic matt{rs). Primarily revolving around implementing design mockups and integrating them with content management systems such as Drupal and WordPress.

Frontend Developer - Texas Children's Hospital

July 2019–April 2020

Responsible for engineering and developing a centralized Design System for complete site rebuild. The System consisted of UI components and technical documentation. Developed all HTML, CSS, Javascript, and Twig code to consume data from Drupal and be used as reusable components.

Education and certifications

- Houston Community College, Houston, TX — Digital Communication Web Publishing AAS

- Adobe-Certified Associate (ACA) in Graphic Design & Illustration, 2018
